Preface XVII

PART ONE: THE TOOLS OF DIAGNOSTICS

Chapter I: Preliminary Considerations……..…1
1. Tools 1
2. What Chinese Diagnostics is about 2
3. Health and Disease as they Appear to Chinese Diagnosis.....4
4. Doubts Voiced from and about Presumptive Universal Medicine 7
Doubts from 7
Doubts about 9
5. The Perfect Adequacy of Chinese Diagnostics.....10
6. Addenda..... 11

(1) The Concepts and Terms of Applied Science; Definitions.....11
(2) The Terminology of Chinese Medicine 13
(3) The Polarity of Western and Chinese Science.....16
(4) Causal Analysis and its Limitations.....17
(5) Inductive Synthesis and its Limitations 19
(6) The Consequences of Western Medicine's Limitation to Causal Analysis.....20
(7) Why Chinese Diagnostics is Capable of the Specific Determination of Functional Disorders, or the Importance of Inductive Synthesis in Medical Practice.....22
(8) Objective Diagnostic Statements 26
(9) Rational Diagnosis.....28
(10) The Patient's Personality under Diagnosis..... 29

Chapter II: Conventional Standards Common to all Chinese Science 31
1. The Standards of Polarity: Yin and Yang (Structivity and Activity) 31
Activity..... 32
Structivity..... 34
Typical Correspondes of Activity and Structivity..... 36
2. Cyclical Standards of Directionality.....38

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0

The (Five) Evolutive Phases ("The Five E.Ps") 38
Polarising Criteria 38
Directional Definitions 39
Sequences 40
3. Two Technical Standards Referring to the Direction of Processes 41
Secundovection (Secundovehent, *shun*) 41
Contravections (Contravehent, *m*) 42
Chapter III: Special Standards of Directionality 43
1. The Guiding Criteria *(bagang)*, Standards of the First Level of Abstraction 43
(1) Structivity and Activity (Yin and Yang) 45
(2) Extima and Intima *(biao* and *It)* 49
(3)AlgorandCalor 53
(4) Depletion and Repletion *(xu* and *shf)* 55
Typical Symptoms of Depletion and Repletion 58
2. The Agents of Disease *(bingyin)*, Standards of the Second Level of Abstraction 62
The (Seven) Emotions *(qiqing)* 65
Lust *(voluptas, xt)* 65
Excitation (Ire) *(ira, nu)* 66
Dejection *(sollicitudo, you)* 66
Gmi(maeror,be!) 67
Fear *(timor, kong)* 67
(Troubled) Thought, excessive Reflection *(cogitatio, si)* 67
Fright *(pavor.jing)* 67
The (Six) Excesses *(liuyin)* 67
Ventus (feng) 68
Algor(fam) 69
Aestus(s/w) 69
Humor *(shi)* 70
Aridity *(zao)* 71
Ardor *(huo)* 71
Neutral Agents 71
Chapter IV: Systems 73
l.Orbisiconography 73
Orbisiconographic Paradigm 75
(1) The Hepatic Orb and the Felleal Orb 79
Nomotogical Pattern 79
Pathological Patterns 80
Principal Disease Mechanisms of the Hepatic Orb 81
Differential Diagnosis of Typical Affections 82
Repletive Disorders 82
(1) Congestion of the Hepatic Qi,
(2) A Flare-Up of Ardor from the Hepatic Orb,

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0

(3) Erratic Movement of Hepatic Yang,
(4) Block of the Hepatic Conduits by Algor
Depletive Disorders 85
(1) Deficiency of Hepatic Structivity
Symptoms Related to the Felleal Orb..... 86
(1) Depletion of the Felleal Orb,
(2) Repletion of the Felleal Orb
Complex Disorders..... 86
(1) The Hepatic Qi affects the Stomach Orb
(2) Disharmony between the Hepatic Orb and the Lienal Orb
(3) Dysfunction of the Hepatic and Felleal Orbs
(4) Depletion of the Structive Energies of the Hepatic and Renal Orbs
(5) Ardor of the Hepatic Orb Affects the Pulmonal Orb*
Synoptic Table of Symptoms Related to the Hepatic Orb 89
(2) The Cardial Orb and theTenuintestinal Orb 90
Nomological Pattern..... 90
Pathological Patterns 92
Principal Disease Mechanisms of the Cardial Orb 93
Differential Diagnosis of Typical Affections 94
Depletive Disorders 94
(1) Depletion of the Active Energy in the Cardial Orb (Depletion of the Cardial Yang)
(2) Depletion of the Structive Energies of the Cardial Orb (Depletion of the Cardial Yin)
Disorders of Preponderant Repletion 95

(1) Irritation of the Cardial Orb by Ardor Induced Pituita
(2) The Contravective Ascent of a Pituita-Heteropathy Obstructs
the Deployment of the Cardial Yang (the Active Energies of the Cardial Orb)
(3) Stagnation of the Cardial Xue
Complex Disorders..... 97
(1) Simultaneous Depletion of the Cardial and Lienal Orbs
(2) Insufficient Synergy between the Cardial Orb and the Renal Orb
Symptomatology Related to theTenuintestinal Orb 98

(1) Depletive Algor Affecting the Tenuintestinal Orb
(2) Blocked Qi of the Tenuintestinal Orb
Synoptic Table of Symptoms Related to the Cardial Orb 99
(3) The Pericardial Orb and the Tricalorial Orb 101
(4) The Lienal Orb and the Stomach Orb.....102
Nomological Pattern..... 102
Pathological Pattern..... ; 104
Principal Disease Mechanisms of the Lienal Orb..... 104
Differential Diagnosis of Typical Affections 105
Depletive Disorders ..... ,..... 105
(1) The Active Energy in the Lienal Orb is Depleted and Weakened
Repktive Disorders……106
(1) The Function of the Lienal Orb is Hemmed in by Algid Humor
(2) Humid Calor has Accumulated within

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0

Complex
Symptomatology…….……..108
(1) Lost Harmony between the Lienal Orb and the Stomach Orb
(2) Depletion of the Lienal and Renal Yang
Symptoms with an Involvement of the Stomach Orb……..…109
(1) An Algor Heteropathy Affects the Stomach Orb
(2) A Calor Heteropathy Affects the Stomach Orb
(3) Depletion of the Stomach Orb
(4) Repletive Affections of the Stomach Orb
Synoptic Table Related to Symptoms of the Lienal and Stomach Orbs……...111
(5)ThePulmonalOrbandtheCrassintestinalOrb.....112
Nomological Pattern 112
Pathological Pattern……...114
Principal Disease Mechanisms of the Pulmonal Orb..... 115
Differential Diagnosis of Typical Affections..... 116
Depletive Disorders..... 116
(1) Aridity has Induced Depletion of Structive Fluids of the Pulmonal Orb
(2) The Pulmonal Qi is Reduced or Depleted
Repletive Disorders of the Pulmonal Orb 117
(1) The Pulmonal Orb is Hemmed in by Pituita
(3) Calor Encroaches upon the Pulmonal Orb
Complex Disorders Involving the Pulmonal Orb..... 119
(1) Depletion of the Lienal Orb Affects the Pulmonal Orb
Affections of the Crassintestinal Orb 120
(1) Algor Deversates in the Crassintestinal Orb, (2)CalorAffects the Crassintestinal Orb
(3) Depletion of the Crassintestinal Orb, (4) Repletion of the Crassintestinal Orb
Synoptic Table of Symptoms Related to the Pulmonal and Crassintestinal Orb 122
(6) The Renal Orb and the Vesical Orb 123
Nomological Pattern..... 123
Pathological Pattern..... 126
Principal Disease Mechanisms of the Renal Orb 126
Differential Diagnosis of Typical Affections..... 127
Depletion of the Renal Yang 127
(1) Instability of the Renal Qi
(2). The Renal Orb Does not Take in and Contain its Qi
(3) The Renal Yang is Deployed Insufficiently
(4) Depletion of the Renal Orb Entails Uncontrolled Loss of Water
Typical Affections with Depletion of the Yin 129
(1) Depletion of the Renal Yin
(2) Ardor Spreads Uncontrolled as the Consequence of a Depleted Renal Yin
Complex Affections Involving the Renal and other Orbs 130
(1) Depletion of the Renal Orb Paralleled by Weak
Functions
of the Lienal and Stomach Orbs
(2) Instability of Renal Yang Affects the Cardial Orb
Affections with a Particular Involvement of the Vesical Orb..... 131
(1) Depletive Algor Affects the Vesical Orb

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0

(2) RepleUve Cator Affects the Vesical Orb
Synoptic Table of Symptoms Related to the Renal Orb 132
2. Sinarteriology and the Sexpartite Yinyang Cycle 133
Nomological Patterns 135
The Movement of the Qi through the Orb-Related Conduits,
Pathological Patterns 138
(1) Major Yang-Affections 139
(2) Resplendence of Yang-Affections 141
(3) Minor Yang Affections 142
(4) Major Yin Affections 144
(5) Yielding Yin Affections 144
(6) Minor Yin Affections 146
3. The Technical Labels of "Energy" 147
Qi.andXue 148
Defensive and Constructive Energies *(wei* and*ying)* 148
Structive Potential *(jing)* 148
Configurative Force *(sheri)* 149
Active and Structive Juices (/in and *ye)* 149
Sapor *(wei)* 150
Hun and Po ..... 150.

PART Two: PRACTICAL DIAGNOSIS

"Valid Symptoms" and "Critical Symptoms" 151

Chapter I: Visual Diagnosis (Inspection) 155
Inspection in General 155
1. Inspection of the Configurative Force *(wangshen)* 155
2. Inspection of Tints and Colours, in Particular in the Complexion *(wangse)* 157
3. Inspection of the Shape of the Body *(wangxing)* 159
(1) Inspection of the Head 160
Shape and Characteristic Movement of the Head,
The Hair of the Head
(2) Inspection of the Face and Complexion 161
Correspondences of the Sites of the Face 162
Inspection of the Colour of the Face (Complexion) 163
Green or Bluegreen Tint 163
Red or Scarlet Complexion 164
Yellow Complexion 165
White Complexion 165
Black Deversance 166
Visual Diagnosis of Special Modalities of Deversant Colours 167
Superficial and Deep Deversance 167
Limpid and Murky (Muddy) Deversance 167

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0

Weak and Intense Deversance……167
Diffuse and Concentrated Deversance……168
Lustrous or dull (lustreless) Complexion……168
Inspection of the Shape of the Face……...168
Puffedness…….……168
Sudden Swelling……168
Assymmetric Mobility……168
(3) (External) Visual Inspection of the Eye……...168
Sites of the Eye……...169
Manifestation of Configurative Force in the Eye *(shen oculi)*.....169
Significance of Changes in the Appearance of the Eye 170
(4) Diagnostic Inspection of the Nose……...172
Deversant Colours of the Nose
Discharges from the Nose
Exterior Changes……173
(5) Diagnostic Inspection of the Ear……...173
(6) Inspection Diagnosis of the Mouth and the Lips.....173
Colour, Shape and Movement……174
(7) Inspection Diagnosis of the Teeth and Gums.....174
(8) Inspection Diagnosis of the Inner Throat 175
(9) Inspection Diagnosis of the Members 176
General Appearance of Hands and Feet, Wrists and Ankles
Nails on the Fingers and Toes 176
(10) Inspection of the Index in Pediatric Diagnosis.....176
Topology and Manipulation……177
Appearance 178
(11) Inspection Diagnosis of the Skin 179
(12) Inspection of Excretions 179
Saliva and Mucus.....179
Vomitus 179
Feces.....180
Urine.....180
4. Inspection Diagnosis of Movements……180
The Particular Technique of Tongue Diagnosis (Inspection of the Tongue).....181
1. Theoretical Considerations.....181
2. Topology and Correspondences.....184
3. Precautions to be Taken When Inspecting the Tongue.....186
4. Inspection Diagnosis of the Body of the Tongue 187
(1) Inspection of the Configurative Force of the Body of the Tongue.....187
(2) Inspection of the Colour of the Body of the Tongue.....187
(3) Inspection of the Shape of the Body of the Tongue 190
(4) Inspection of the Position and Movements of the Tongue 193
5. Inspection Diagnosis of the Coating of the Tongue 195
Appearance of the Coating of the Tongue and its Relation to Disorders.....196
Fastness of the Coating……...197

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0

The Thickness, Moistness and the Putrid or Sticky Quality of the Coating of the Tongue 199
Colour of the Coating of the Tongue 200
The Simultaneous Appearance of Coating of Different Colours 205
6. Summary of Critical Symptoms to be Observed by Inspection of the Tongue 207

Chapter II: Diagnosis by Auscultation and Olfaction 209
Auditive Diagnosis of Voice and Speech 209
TheVoice 209
The Flow of Speech 209
Respiration 210
The Sound of Coughing 211
The Sounds of Retching and Vomiting 212
The Sounds of Hiccup and Eructations 212

Chapter III: Interrogation Diagnosis 214
The Sensation of Temperature 214
Being Cold, Being Chilleld, Oppressive Heat, Fever, Hot Flushes, Periodic Fevers, Perspiration 216
Spontaneous Perspiration, Perspiration during Sleep, Perspiration Limited to the Head Absolute Perspiration, Trepidation Perspiration
Pain 219
Pain in the Head ("Headache") 219
Dizziness 220
Pain in the Body 220
Defecation and Micturition 221
Stools, 221, Micturition, 222
Appetite and the Intake of Food 223
Thirst 223
Hunger, Appetite, Eating 223
Taste 224
Sapors 224
Hearing 225
Deafness, Hardness of Hearing 225
Tinnitus (Ringing of the Ears) 225
Eyes and Vision 225
Pain in the Eye and its Surroundings 225
Reduced Acuity of Vision 225
Blindness at Night 225
Sleep and the Desire to Sleep 226
Insomnia 226
Somnolence 226
Menstruation 227
Advanced Menstruation 227

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0

Absence of Menstruation.....*217*
Faltering Menstruation.....227
Fluor albus.....*227*

Chapter IV: Palpation Diagnosis (Palpation, *qiezhen, anzhen)*..... 229

Palpation of the Pulses, "Pulse Diagnosis" *(qiemo)*.....229

1. Generalities.....229
(1) Prerequisites for Mastering Pulse Diagnosis 229
(2) The History and Empirical Background of Pulse Diagnosis 235

2. The Technique of Pulse Diagnosis I — Practical Requirements and Precautions.....237
(1) Fundamentals 237
(2) Timing of Pulse Diagnosis.....238
(3) Accidental Influences to be Reckoned with and Avoided 239
(4) Constitution of the Diagnostician 240

3. Topology and Significance of the General Body Pulses.....240
The 3 x 3 Pulses of the Body.....241
Upper Pulses (Pulses of the Head),:Central Pulses (Pulses of the Hand) 241
Lower Pulses (Pulses of the Foot) 242
Representative Pulses on the Head, Hand and Foot 242

4. Topology and Correlation of the Pulses at the *ospolluare (cunkou),*
i.e. of the 'Radial Pulses' 243
General Remarks, History, Terminology 243
Regions of the Body and Radial Pulses..... 244
Orbs and Radial Pulses..... .*245*

5. Special Iconography of the Radial Pulses: the Iconograms of the Pulse *(moxiang)*.....247

General Characteristics of the Pulses to Be Felt at the *ospotticare*..... 247

The Iconograms of the Pulses 248
(1) The Superficial *Pulse (pulsus supetficialis.fumo)*..... 248
(2) The Submerged Pulse *(pulsus menus chenmo)*..... 249
(3) The Slowed Down Pulse *(pulsus tardus, chimo)*..... 249
(4) The Accelerated Pulse *(pulsus celer, shumo)* 250
(5)TheDeplete(d)Pulse(pu/siw<fepkfus,;c«mo)..... 251
(6) The Replete(d) Pulse *(pulsus repletus, shimo)*..... 251
(7) The Slippery Pulse *(pulsus lubricus, huamo)*..... 252
(8) The Grating Pulse *(pulsus asper, semo)*..... 253
(9) The Long Pulse *(pulsus longus, changmo)* 253

(10) The Brief Pulse *(pulsus breris, duanmo)*..... 254
(11) The Flooding Pulse *(pulsus exundans, hongmo)*..... 255
(12) The Large Pulse *(pulsus magnus, damo)*..... 255
(13) The Evanescent Pulse *(pulsus evanescens, weimo)*..... 256
(14) The In tent Pulse *(pulsus intentus.jinmo)*..... 258
(15) The Languid Pulse *(pulsus languidus, huanmo)* 260
(16) The Stringy Pulse *(pulsus chordalis, xianmo)*..... 261
(17) The Onion-Stalk Pulse *(pulsus cepacaulicus, houmo)*..... 262

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0

(18) The Tympanic Pulse *(pulsus tympanicus, gemo)*..... 262
(19) The Fixed Pulse *(pulsus fixus, laomo)*.....263
(20) The Frail Pulse *(pulsus lenis, rumo)*.....*263*
(21) The Soft Pulse (pu/siw *mollis, ruanmo)* 264
(22) The Infirm Puke *(pulsus imolidus, ruomo)*.....264
(23) The Dispersed Pulse *(pulsus diffundens, sanmo)*..... 265
(24) The Minute Pulse *(pulsus minutus, ximo)*.....265
(25) The Small Pulse *(pulsus parvus, xiaomo)*.....266
(26) The Recondite Pulse *(pulsus subreptus,fumo)*..... 266
(27) The Mobile Pulse *(pulsus mobilis, dongmo)* 267
(28) The Agitated Pulse *(pulsus agitatus, cumo)* 269
(29) The Adherent Pulse *(pulsus haesitans,jiemo)*.....269
(30) The Intermittent Pulse *(pulsus intermittent, daimo)*..... 270
(31) The Racing Pulse *(pulsus concitatus,jimo)*.....270
Comparative Iconography of Pulses 271
(1) The Slowed Down and the Languid Pulse..... 271
(2) The Submerged and the Recondite Pulse ..... .271
(3) The Infirm, the Frail and the Soft Pulse..... 272
(4) The Evanescent, the Minute and the Depleted Pulse..... 272
(5) The Stringy and the Long Pulse..... .*272*
(6) The Brief and the Mobile Pulse 273
(7) The Flooding and the Replete Pulse 273

(1) The Superficial and the Submerged Pulse 273
(2) The Slowed Down and the Accelerated Pulse 273
(3) The Deplete and the Replete Pulse 274
(4) The Slippery and the Grating Pulse 274
(5) The Flooding and the Evanescent Pulse 274
6. Systematic Categories of the Pulses.....275
"Orbic Pulses" 275
Pulses Defined by their Form..... 276
The Modal Pulses 276
The Qualification of the Pulses by Yin and Yang..... 277
7. The Technique of Pulse Diagnosis II 279
(1) Position and Support of the Patient's Arm.....279
(2) The Application of the Palpating Fingers..... 279
(3) Applying and Slackening Palpatory Pressure; Tilting and Sliding the Fingers.....283
(4) Determining and Assessing the Frequency of the Pulse..... 286
(5) The Time Taken for Pulse Diagnosis..... 286
(6) Quick, Summary and Emergency Diagnoses 287
(7) Palpation of the Pulses on Infants and Adolescents 287
(8) Different Sensations When Palpating with One or with More than One Finger; Halo . 288
(9) Recording the Pulse Data..... 290
8. The Directional Evaluation of Pulse Data.....291
(1) The "Balanced" Pulse.....291
Qistomachi..... 291

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0

Sften,'Configurative Force'.....292
Roots *(stirps)*.....*292*
(2) Variations of the Balanced Pulse…….293
Climate and Season.....293
Constitution, Constitutional Factors……...293
Age.....*294*
Differences of Sex.....*294*
Mode of Life, Sexual Activity.....*294*
Meals, Stimulants.....*295*
(3) The Pulses of Gynaecology and Obstetrics.....295
Menses, Disorders of Menstruation.....*295*
9. The Synthetic Evaluation of Pulse Data.....296
(1) The Significance of the Sites of the Pulse.....297
(2) The Significance of the Levels of the Pulse (Depth of the Pulse).....298
10. Addenda.....302
(1) Critical Symptoms in the Pulse.....302
(2) Simple and Complex Iconograms.....303
General Palpation of Body Sites.....303
1. Palpation of the Inner Side of the Forearm.....303
2. Palpation of the Surface of the Body.....304
3. The Palpation of Ulcers and Swellings at the Surface of the Body.....305
4. Palpation in Pediatrics.....305
Palpation of the Members.....305
Palpation of the Forehead.....306
5. Palpation of the Foramina of Acupuncture.....306

Glossary.....307
Bibliographies.....341
Indexes.....349
General Index.....349
Index of Symptoms and Diagnoses.....369
Index of Chinese Names and Technical Terms *(pinyin)*.....387

Excerpt from M Porkert, „Chinese Medical Diagnostics“
Publisher: Health Harmony - B. Jain
Excerpted by Narayana Publishers, 79400 Kandern,
Tel.: +49 (0) 7626 974 970-0
