# Rainbow

*This remedy was made by refracting sunlight through a prism into alcohol. Of course it includes all the colours in harmonic progression but as a remedy is not the sum of its parts but something different and is connected through the rainbow of iridescence to the chakras above the head. The Rainbow is symbolic of the bridge between heaven and earth, between light and darkness, for the arc of the rainbow is only part of the whole circle which also goes down into the darkness of the centre of the earth. It was also given as a sign of God's forgiveness after the Flood and the promise that there would be no more destruction by water — of the other elements no mention was made, however!*

## **ESSENTIAL**

### **REVEALING**

Breaks down the individual so that you can see what to do. Breaks down energies in areas of the planet, enabling you to see the truth. Releases fear.

Opens, breaks down and makes things clear, breaks down the energy and separates the vehicle in order to clear blocks.

As the energies break down they purify and heal. Does so gently but powerfully and patient must be supported well. Will break down all their defences but in doing so, enables them to see themselves and understand their karmic responsibilities. Therefore remedy which helps to lighten the karmic load.

Individual maintains contact with God, with their source and understanding of karma is again revealed as it is known when you first incarnate. As energies are put back together purification occurs at a deeper understanding. For you must all be broken down in order to see, to truly see your mission and to become part of the whole. Your individual functions are useless unless you become part of the whole. Unity is the key.
