In unserer [Online-Buchhandlung](#) werden alle deutschen  
und englischen Homöopathie Bücher vorgestellt.

[Narayana Verlag](#) ist ein Verlag für Homöopathie Bücher. Wir publizieren Werke von hochkarätigen innovativen Autoren wie [Rosina Sonnenschmidt](#), [Rajan Sankaran](#), [George Vithoulkas](#), [Douglas M. Borland](#), [Jan Scholten](#), [Frans Kusse](#), [Massimo Mangialavori](#), [Kate Birch](#), [Vaikunthanath Das Kaviraj](#), [Sandra Perko](#), [Ulrich Welte](#), [Patricia Le Roux](#), [Samuel Hahnemann](#), [Mohinder Singh Jus](#), [Dinesh Chauhan](#).

[Narayana Verlag](#) veranstaltet [Homöopathie Seminare](#). Weltweit bekannte Referenten wie [Rosina Sonnenschmidt](#), [Massimo Mangialavori](#), [Jan Scholten](#), [Rajan Sankaran](#) und [Louis Klein](#) begeistern bis zu 300 Teilnehmer.

## **A FEW WORDS**

Birth control is an important matter for discussion in the present time. Almost all the countries of the world including our country have welcomed this control. Researches are being undertaken on this subject to explore new methods.

But all these are limited to the Allopathic medical specialists. They are engaged in the endeavour of making the methods of birth control simple by applying somewhere either oral medicines or surgery. Although they are trying in order that no harm is caused to the users, some harms are happening. We have seen in the field of medicine there are many who suffer from different symptoms after vasectomy, tubectomy

etc. or by taking oral medicines. Although the allopathic investigators have been trying to lessen these sufferings, yet it is difficult for them to succeed in all cases, it is also true to our cases. But we have some such medicines by the application of which we can lessen some sufferings.

**Do** we have no medicine for birth control ?

I had put this question to many famous Homoeopaths of Calcutta but I did not receive any satisfactory answer. Many of them said, "Our Science depends on the mental symptoms. So we have no precise medicine at all."

I do not believe this. Is there no medicine in this science, which have given lives to many dying patients by curing them

of severe illness and has provided a shelter for everybody in this nice world?

Then by reading the books of Dr. Lippe etc. the world famous Homoeopaths, I realised that the power of conception is destroyed by Natrum Mur, Plumbum met, Apis mel etc. Why I preferred Natrum Mur ? (Sodium Chloride) ?

I have preferred for the reason that according to my opinion the number of women having the symptoms of Natrum Mur is large or less salt. If other metallic medicines be used it may harm the body and, impede the blood circulation like the allopathic medicines or may cause many other diseases by producing various symptoms.

That is why such a medicine should be selected which does not harm the body but controls birth.

The only medicine of that kind is our Natrum mur, which when taken docs not harm the body but improves health. By discussing with Dr. Durgadas Dutta, D. M S, a promising and experienced physician of Howrah Dist. and by applying Natrum Mur on the female patients we have been finding encouraging results.

At first, all the female patients to whom we administered it were practised in taking Allopathic medicines and would suffer from many symptoms viz Leucorrhoea, Constipation, Palpitation of the heart, Menstruation in excess of usual pain, in breast, falling of

hair etc. All of them were taking regularly Lyndiol, Ovulen, Gonovlar etc.

We started those female patients with Natrum Mur 30 and to some with 200 regularly in the evening by stopping those tablets. Those bad symptoms disappeared after continuing it for some days and now they are managing their domestic affairs peacefully and happily.

We have been finding good results by the regular application of 200th, 30th or 6th potency of the medicine. As the contraception happens, on the other hand loveliness comes in consequence of having a free motion and perfect blood circulation.

Though we had to face many difficulties due to want of proper laboratory and

experimental apparatus yet I have given as much as I could by investigation for the convenience of my friends who are doctors. But more researches are yet to be done concerning this matter because I think this the best method for birth control which cost least and without any surgery.

Dr. Krishna Pada Kanrar, a renowned professor of Mahes Bhattacharya Homoeopathic Medical College and Hospital asked me,—"Other symptoms may appear due to taking this medicine in excess of usual, I suppose?"

The question was very important. But we have never heard of any such bad effect by applying Homoeo medicines, Yet it, is a matter, to think over.

I thought about the Biochemic medicine.

I applied that for a few years on some women. The same action took place nicely. No bad effect occurred, rather good results were noted. Then my friend Dr. Vijay Bhatt asked,—“May blood pressure increase?”

A nice question. However, no such remarkable symptom was found by intake of Biochemic medicine. Vet I put the same question to Sri Satyahan Ghosh, one of the best chemists of India. He said—“Blood pressure cannot increase because by regular intake the body takes up as much as it requires and the excess of it will come outside through the urine, excreta, saliva etc”.

Dr. Nirmal Kumar Sarkar, Off. Director of the Post graduate Pure Chemistry Dept., Calcutta University and my tutor Sri Shanoar Prasad Chattopadhyaya, Professor of Chemistry also have the same opinion.

The book written by Dr. Santosh Kumar Mukhopadhyaya has helped me much. I am grateful to him. Besides this my friends Dr. Emilo Biswas, Dr. Gurupada Das and Dr. Biren Paul are worth mentioning.

With best wishes.
