# Select YOUR DOSE AND POTENCY

## **ABIES CANADENSIS — PINUS CANADENSIS** (Hemlock Spruce)

1. First to third potency. (WB)
2. Allen and Hughes recommend the 3x dilution.
3. 6th, 30th and 200th potencies are commonly used.
4. Bhardwaj recommends drop doses of low dilutions in distilled water to be repeated 3-4 times daily. He also suggests to give fair trial to the remedy in potencies nearer to 3x.
5. Mother tincture and 3x. (BW)

## **ABIES NIGRA** (Black Spruce)

1. First to thirtieth potency. (WB)
2. Allen recommends 3x dilution.
3. I use *Abies Nigra* 1st (WIP)
4. Bhardwaj recommends drop doses of low dilutions in distilled water to be repeated 3-4 times a day. He also suggests to give a fair trial to the remedy in potencies nearer to-3x  
1st 3rd and 30th potencies are commonly used.

6. A patient of my own, after a fall from a bicycle, vomited blood, and complained of a persistent sensation as if something were sticking in the oesophagus, towards its lower end. *Arnica* removed the haematemesis, but did not touch the morbid sensation. Under *Abies Nigra* 3x it yielded immediately. (RH)
7. Mother tincture and 3x. (BW)

## **ABROMA AUGUSTA**

(Olat Kambal)

1. 0, 2x, 3x used. (SCG)

## **ABROMA RADIX**

(Olat Kambal Mul)

1. 0, 2x, 3x. (SCG)

## **ABROTANUM**

(Southernwood)

1. Third to thirtieth potency. (WB)
2. 3rd to 30c or higher. (KNM)
3. Allen recommends tincture and 3x.
4. Bhardwaj highly commends its efficacy and uses it in various potencies in different conditions, *e.g.*
  - (i) 3x to 6x in oozing of blood from the navel of newborn;
  - (ii) 3x and potencies near it in rheumatic complaints;
  - (iii) 30th to 200th potencies in infrequent doses in marasmus and other wasting diseases.
5. All potencies act well. (HLB)
6. Younan recommends the 200th potency.
7. I have used its 200th potency in single doses at infrequent intervals in marasmus, oozing of moisture from the navel of newborn children and pains about the umbilical region with remarkable results.

## ALNUS SERRULATA (Red Alder)

1. Tincture to 3rd potency. (WB)

## ALOE SOCOTRINA (Socotrina Aloes)

1. 6th potency and higher. In rectal conditions, a few doses of 3rd, then wait. (WB)
2. Clarke recommends 2 hourly repetition of *Aloe* 3 in dysentery.
3. I use *Aloe* 1st (WIP)
4. In dysentery, the potencies from the 1st to 3rd have been used, but Drs. Dunham and Wells have obtained their success from the 200 th. (RH)
5. In dysentery low potencies from 3c to 6c are used. But when the characteristic symptoms are present even in 200 th potency it acts well. (KNM)
6. It may be repeated in acute conditions frequently. (KNM)
7. 3rd, 30th and 200th. (SS)
8. Wait after giving some doses of 3rd potency in anal trouble. (SS)
9. Dr. Holcombe writes—"Aloe 3rd, a single pellet, once cured for me almost instantaneously a tenesmus which had endured for a week or ten days after recovery from dysentery." (RH)
10. 3rd and 6th. (GR)
11. I was called to treat a child five years of age suffering from birth with a most obstinate form of constipation. He had to be forced and held to the stool crying and screaming all the while being totally unable to pass any faeces even after an enema After trying several remedies in vain, I asked the mother to turn the child over (he was in bed) to let me examine the anus and rectum. As she turned down the bed clothes to do so, a large chunk of solid faeces appeared in the bed.

## **ARSYNAL**

**(Disodium Methylarsenate)**

1. Introduced by M.A. Gautier, for phthisis in the second stage 4 to 6 centigrammes per day for one week followed by a week's intermission. But much smaller doses *ie.* 1x to 3x followed by improvement, lessened fever, night sweat and haemoptysis ceasing. **(WB)**

## **ARTEMISIA VULGARIS**

**(Mugwort)**

1. First to third potency. Said to act better when given with wint. **(WB)**
2. Allen recommends the 3rd and the 6th potency.
3. Blackwood recommends 3x dilution.

## **ARUM DRACONTIUM**

**(Green Dragon)**

1. First potency. **(WB)**

## **ARUM MACULATUM**

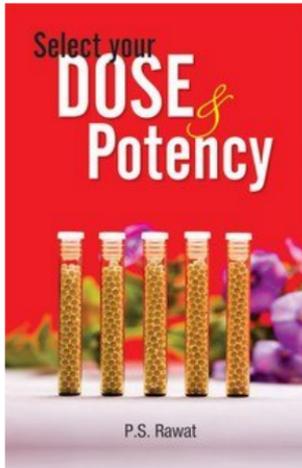

**(Aronis Communis)**

1. Blackwood recommends 3x dilution.

## **ARUM TRIPHYLLUM**

**(Indian Turnip)**

1. Third to thirtieth potency. **(WB)**
2. Should not be given low or repeated often, as bad effects often follow^The higher potencies most prompt and effective. **(HCA)**
3. I found *Arum* 200th very effective in single doses.
2. I use *Arum tri* 1st or 3rd. **(WIP)**
5. In typhoid cases with pricking of lips, until they bleed, *Arum tri* 200x in single dose has given a very good response. **(KNM)**
